YEAR-END FINANCIAL CHECKLIST

• Ensure donations are made to eligible organizations.

Having an end-of-year financial checklist is crucial for sound financial health and future planning. It's a strategic tool that allows individuals and businesses to review their financial status, assess progress towards goals, and identify areas for improvement. As 2023 draws to a close, evaluating income, expenses, investments, and debts provides valuable insights into financial habits and opportunities in seeking to optimize tax strategies. This checklist helps plan a roadmap for setting new financial goals and resolutions for the upcoming year. Check the boxes below and then schedule a meeting so we can answer any questions you may have.
